

Continent Study — South America

Base Sheet

Activity Sheet

Exploring South America: its countries, animals, landmarks, and the Amazon rainforest. Building the child's knowledge of the world's continents.

What You Need:

- Globe
- Map of South America
- Pictures of South American animals and landmarks
- Continent Book
- Colored pencils

Steps:

1. Find South America on the globe (pink).
2. 'South America is connected to North America! It's the PINK continent.'
3. Show: Brazil is the largest country. Also point out Argentina, Peru, and Chile.
4. Animals: toucan, jaguar, anaconda, llama, piranha.
5. Landmark: Amazon River — 'The longest river in the world flows through South America'
6. Add to Continent Book: draw South America, color pink, add an animal and the Amazon.
