

# Metal Insets — Oval and Curvilinear Triangle

Base Sheet

Activity Sheet

Metal inset work with the oval and curvilinear triangle shapes. The child continues building pencil control with more complex curves.

## What You Need:

- Metal insets (oval and curvilinear triangle)
- Paper squares
- Colored pencils (3 colors each)
- Tray

## Steps:

1. Present the oval metal inset.
2. Trace the frame, trace the inset, fill with parallel lines.
3. Compare to the circle: 'The oval is stretched like an egg!'
4. Present the curvilinear triangle.
5. Trace and fill. Notice: it has three curved sides.
6. Display both completed designs.

## Work Space:

Montessori Homeschool • Print on US Letter (8.5 x 11") • Activity sheet — print on standard paper
