

# Geometric Cabinet — Circle, Square, Triangle Drawers

Base Sheet

Activity Sheet

The child explores the geometric cabinet drawers containing circles, squares, and triangles of graduated sizes. They practice tracing the insets and matching shapes to cards.

## What You Need:

- Geometric cabinet (circle, square, triangle drawers)
- Matching cards (3 sets per shape)
- Work mat

## Steps:

1. Present the circle drawer. Remove the largest circle inset.
2. Demonstrate tracing the inside of the frame and then the outside of the inset with two fingers.
3. These are all circles, but they are different SIZES.' Grade from largest to smallest.
4. Present the square drawer. Trace and grade.
5. Present the triangle drawer. Trace and grade.
6. Introduce matching cards: solid, thick outline, thin outline.
7. Child matches insets to cards.

## Work Space:

Montessori Homeschool • Print on US Letter (8.5 x 11") • Activity sheet — print on standard paper
