

Q1 Geography Review — Continents and Land/Water Forms

Activity Sheet

Base Sheet

Review of all geography concepts from Quarter 1: the seven continents, land and water forms, and the child's growing understanding of our planet. Using the Continent Book as a review tool.

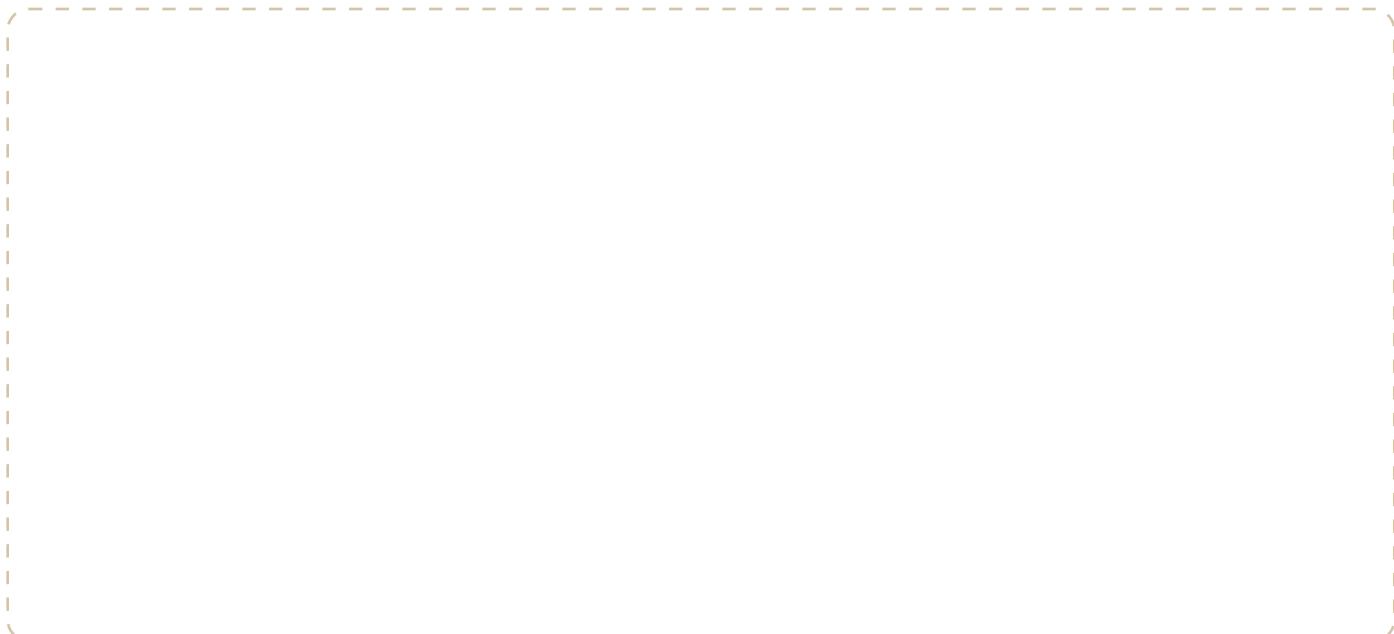

What You Need:

- Globe
- World puzzle map
- Continent Book
- Land/water form models or cards
- Colored pencils

Steps:

1. Start with the globe. 'Can you name all seven continents?' Child points to each.
2. Review colors: North America (orange), South America (pink), Europe (red), Asia (yellow), Africa (green), Australia (brown/orange), Antarctica (white).
3. Open the Continent Book: review each page the child has created.
4. Land/water forms: 'What's an island? A peninsula? An isthmus?' Use the miniature models or globe.
5. What's your favorite continent? Why?
6. Globe game: 'I'm thinking of a continent that has the biggest desert...' (Africa!) Child finds it.
7. Add a final page to the Continent Book: draw the whole world with all 7 continents labeled.

Work Space:

Montessori Homeschool • Print on US Letter (8.5 x 11") • Activity sheet — print on standard paper
