

Land and Water Forms — Peninsula and Gulf

Base Sheet

Activity Sheet

Second pair of opposite land and water forms: peninsula and gulf. The child explores these through the land/water trays and drawing.

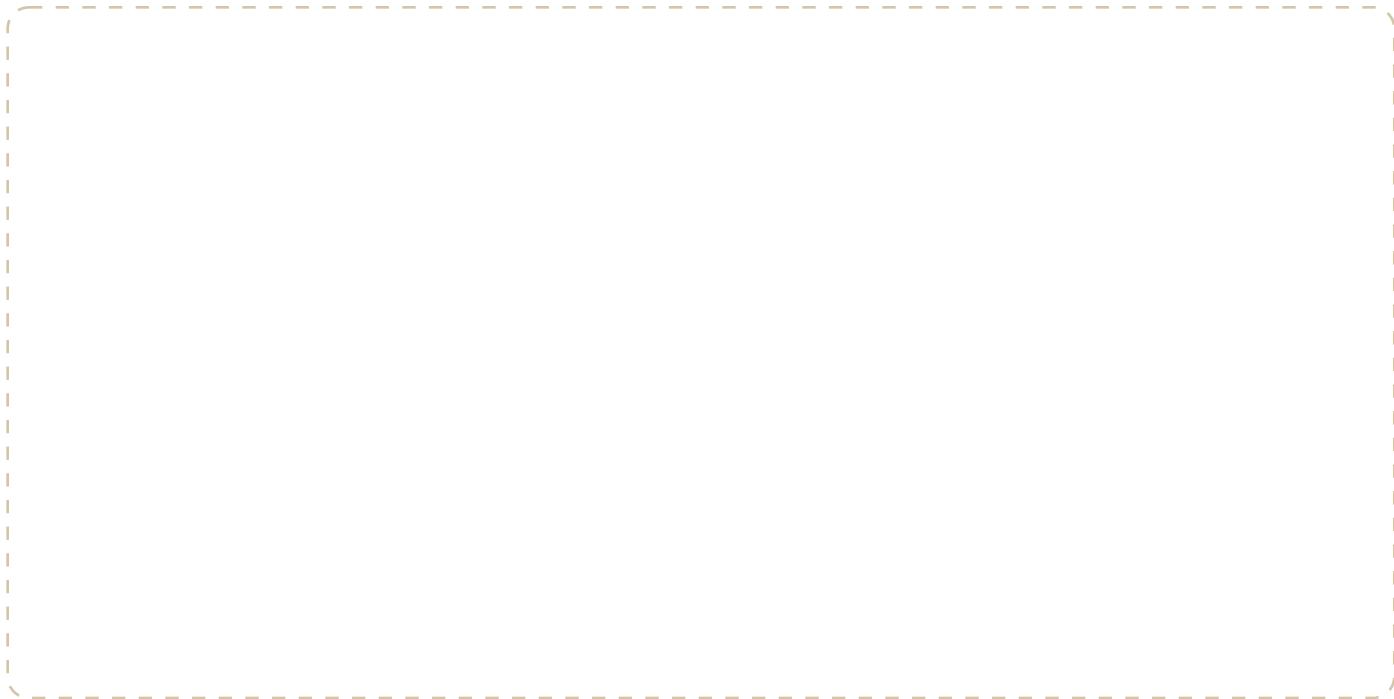

What You Need:

- Land/water form trays (peninsula and gulf)
- Island and lake trays (review)
- Water pitcher
- Drawing paper
- Colored pencils

Steps:

1. Review island and lake with the trays.
2. Introduce the peninsula tray: 'A peninsula is land surrounded by water on three sides.'
3. Introduce the gulf tray: 'A gulf is water surrounded by land on three sides.'
4. Pour water into each to demonstrate.
5. 'Peninsula and gulf are opposites — just like island and lake!'
6. Draw and label each form.

Work Space:

Montessori Homeschool • Print on US Letter (8.5 x 11") • Activity sheet — print on standard paper
