

Continent Study — Africa Animals and Landmarks

Base Sheet

Activity Sheet

Exploring Africa's diverse animals and famous landmarks through pictures, maps, and three-part cards.

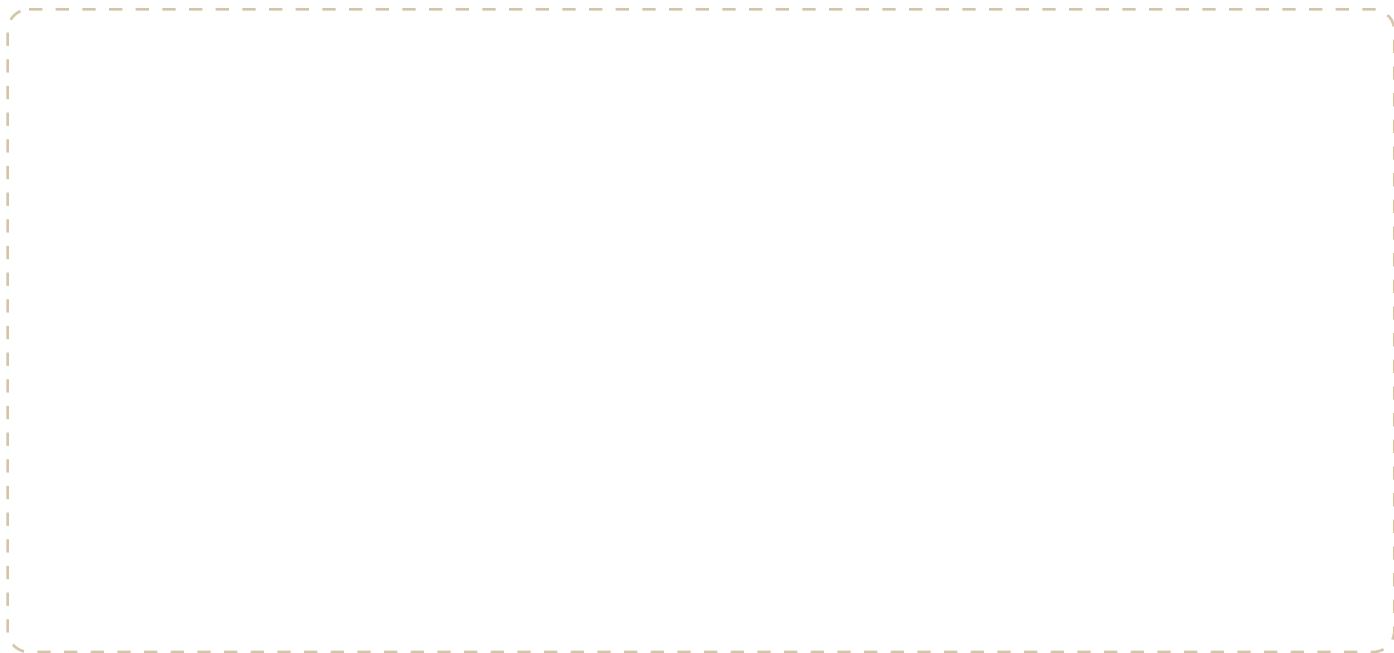

What You Need:

- Globe
- Map of Africa
- Pictures of African animals and landmarks
- Continent Book
- Colored pencils
- Green crayon

Steps:

1. Find Africa on the globe (green continent).
2. 'Africa is the second biggest continent! It's right next to Europe — only a little water between them.'
3. Show a map of Africa. Point out the Sahara Desert: 'The biggest desert in the world covers the whole top part!'
4. Animals: elephant, lion, giraffe, zebra, hippopotamus, gorilla.
5. Landmark: 'Mount Kilimanjaro is the tallest mountain in Africa — it has snow on top even though Africa is hot!'
6. Add to Continent Book. draw Africa, color green, add the Sahara and one animal.

Work Space:

Montessori Homeschool • Print on US Letter (8.5 x 11") • Activity sheet — print on standard paper
