

Living vs. Non-Living Review

Base Sheet

Activity Sheet

Review and extension of the living vs. non-living classification. Including more complex examples and the concept of 'once living.'

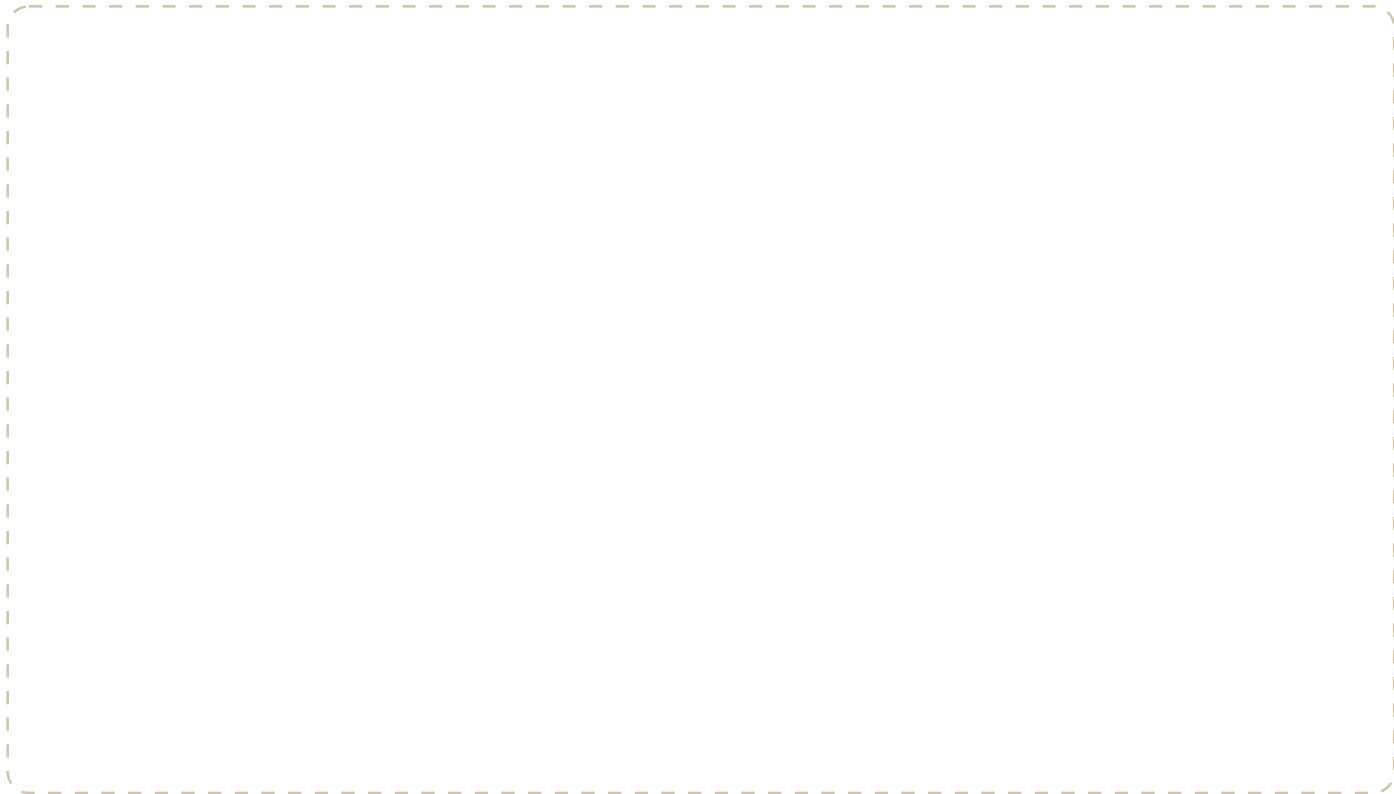

What You Need:

- Items for sorting (10-12)
- Three sorting mats
- Labels: Living, Non-Living, Once Living

Steps:

1. Review: 'What makes something living?' (grows, breathes, needs food/water)
2. Sort 10 items into living and non-living.
3. Introduce 'once living': a dried leaf, wooden block, leather shoe.
4. These were PART of a living thing but are no longer alive.
5. Create three sorting groups: living, non-living, once living.
6. Discuss tricky examples.

Work Space:

Montessori Homeschool • Print on US Letter (8.5 x 11") • Activity sheet — print on standard paper
