

Metal Insets — Square and Triangle

Base Sheet

Activity Sheet

Continued metal inset work with the square and triangle shapes. Building pencil control and shape awareness.

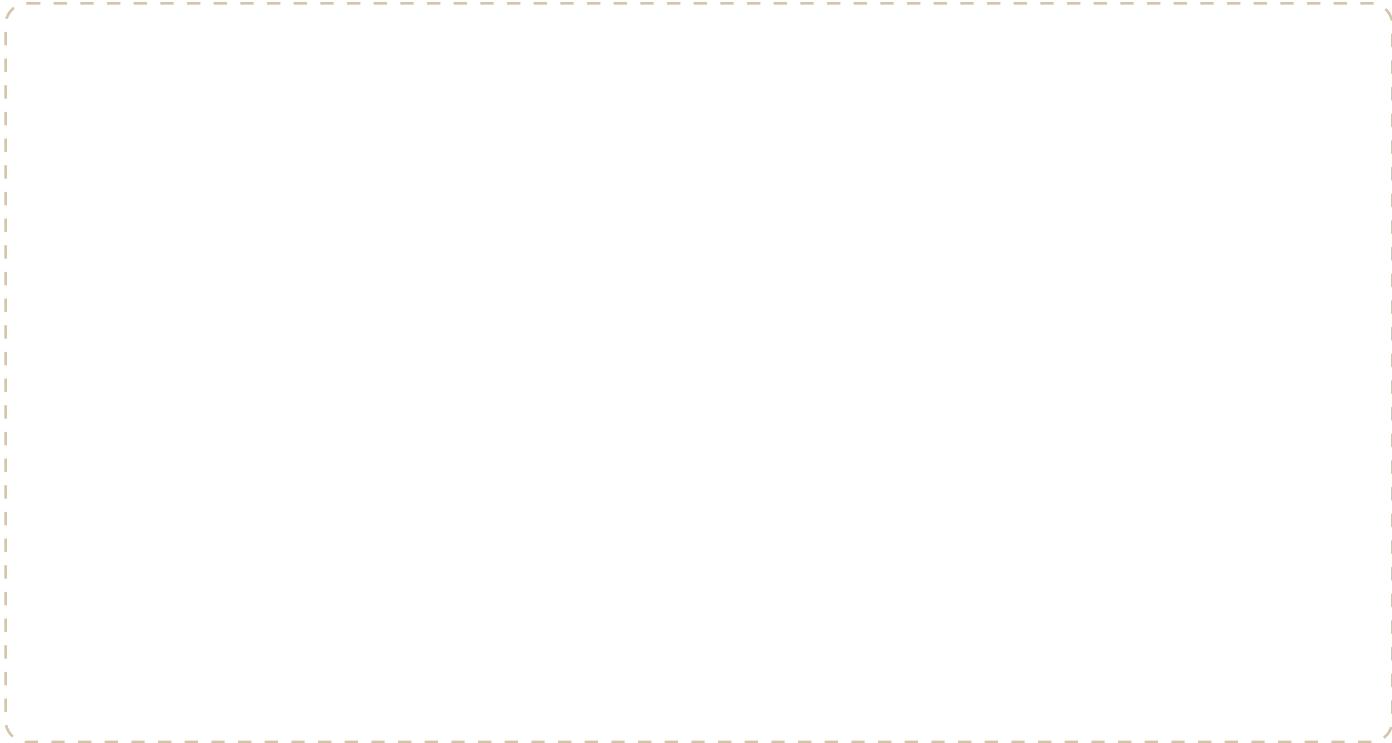

What You Need:

- Metal insets (square and triangle)
- Paper
- Colored pencils (3-4 colors)
- Tray

Steps:

1. Select the square metal inset.
2. Trace the frame, then the inset. Fill with parallel lines.
3. Repeat with the triangle metal inset.
4. Encourage the child to choose colors.
5. Compare the two designs: 'The square has straight edges. The triangle has three points.'
6. Display the completed designs.

Work Space:

Montessori Homeschool • Print on US Letter (8.5 x 11") • Activity sheet — print on standard paper
