

# My World Map — Places I Have Explored

Base Sheet

Activity Sheet

The child creates a personal world map marking all the continents and countries they studied throughout the year. This capstone geography project synthesizes their global knowledge into one beautiful display.

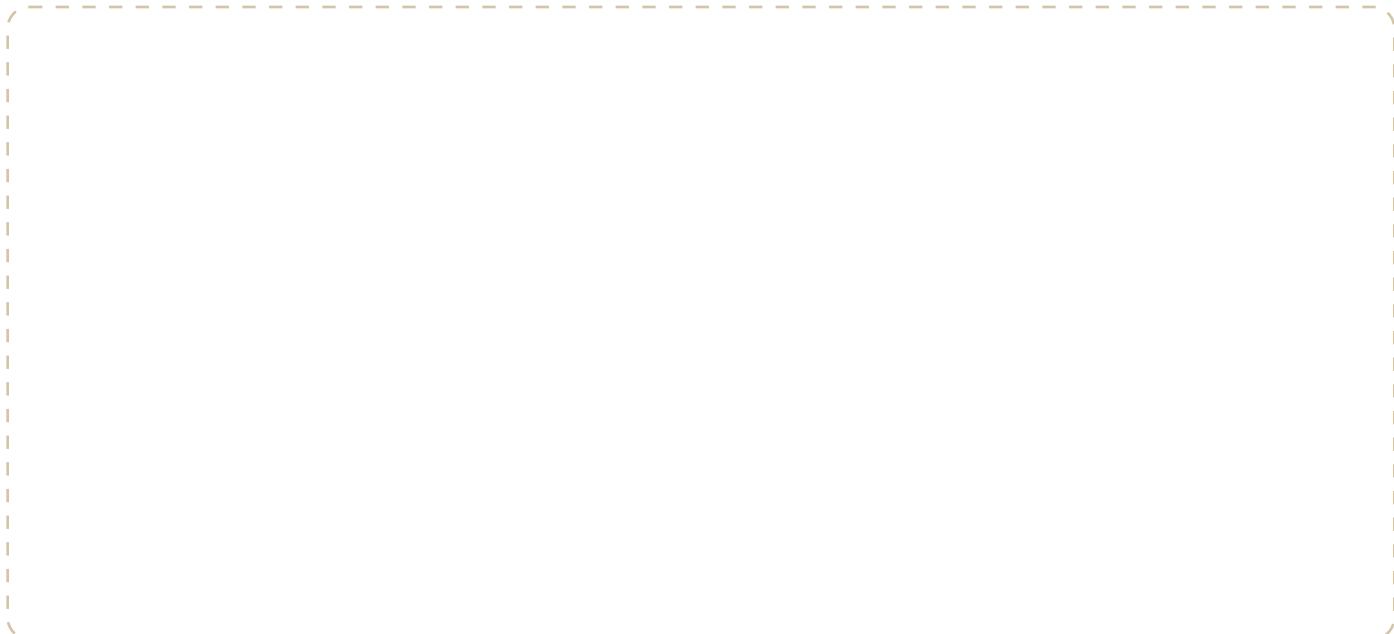

## What You Need:

- Large blank world map outline
- Colored pencils in Montessori continent colors
- Pencil
- Reference globe or puzzle maps
- Previous geography work for review

## Steps:

1. Provide a large outline world map (or let the child trace one from the puzzle map).
2. This year we traveled the world together! Let's mark all the places we learned about!
3. Review each continent studied: 'What countries did we learn about in Africa? Asia? Europe?'
4. Child colors each continent its Montessori color and labels countries studied.
5. Add small drawings or symbols for memorable facts: pyramids in Egypt, kangaroos in Australia, etc.
6. Add a title: 'My World — Places I Explored This Year.'
7. Display proudly or add to portfolio.

## Work Space:

Montessori Homeschool • Print on US Letter (8.5 x 11") • Activity sheet — print on standard paper
