

# Continent Study — North America

Base Sheet

Activity Sheet

Beginning an in-depth study of the continent where the child lives: North America. Learning about the countries, animals, and landmarks of the continent.

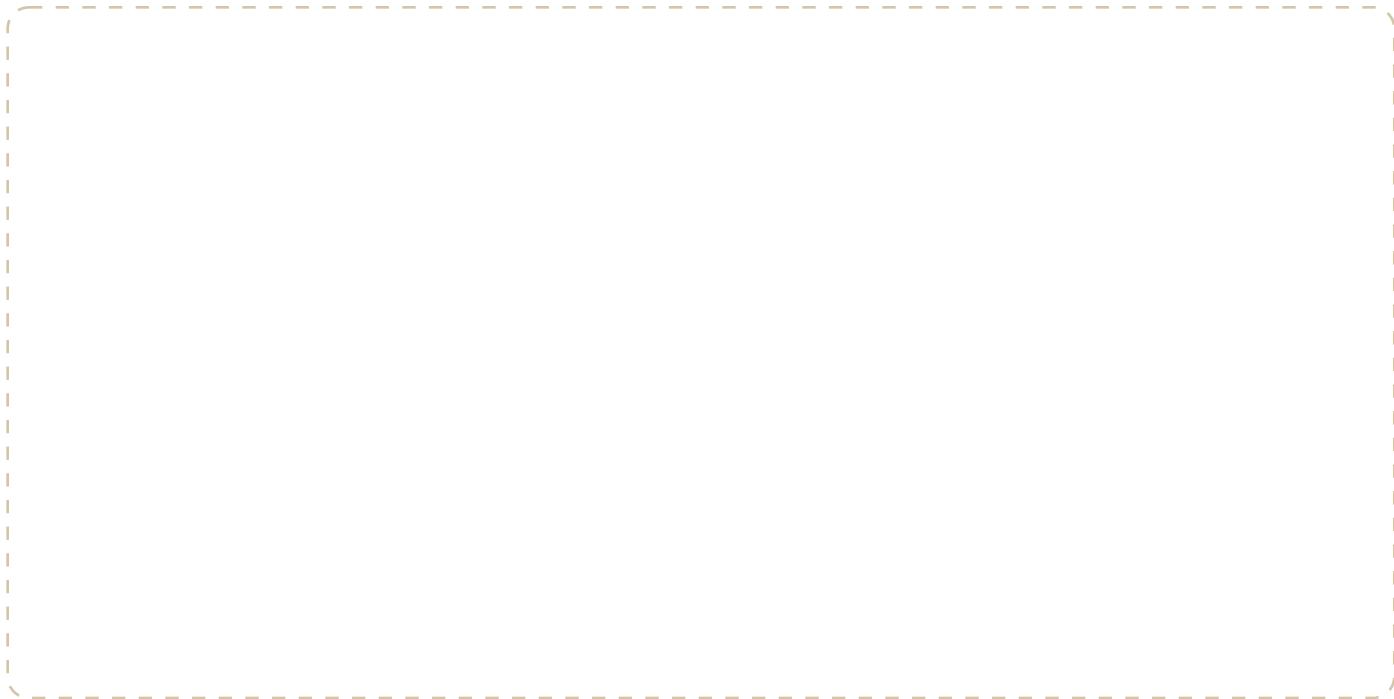

## What You Need:

- Globe
- Map of North America
- Pictures of North American animals and landmarks
- Continent Book
- Colored pencils

## Steps:

1. Find North America on the globe (orange).
2. Show on a flat map: North America includes the United States, Canada, and Mexico.
3. Discuss: 'We live here! What do you know about where we live?'
4. Show pictures of North American animals: bald eagle, grizzly bear, moose, bison.
5. Show pictures of landmarks: Grand Canyon, Statue of Liberty, Niagara Falls.
6. Add a North America page to the Continent Book.

## Work Space:

Montessori Homeschool • Print on US Letter (8.5 x 11") • Activity sheet — print on standard paper
