

Parts of a Plant — Stem, Leaf, Root, Flower

Base Sheet

Activity Sheet

Introduction to the basic parts of a plant using a real specimen. The child identifies and names stem, leaf, root, and flower.

What You Need:

- Real plant with roots visible
- Drawing paper
- Green and other colored pencils
- Botany puzzle (optional)
- Labels: root, stem, leaf, flower

Steps:

1. Bring in a real plant with visible roots (pulled from soil), stem, leaves, and flower.
2. Point to each part and name it: root, stem, leaf, flower.
3. Explain each part's job simply.
4. The child draws and labels the plant parts.
5. Use the botany puzzle if available.
6. Go outside and find each plant part on different plants.

Work Space:

Montessori Homeschool • Print on US Letter (8.5 x 11") • Activity sheet — print on standard paper
