

Year Reflection — What I Learned and Who I Became

Base Sheet

Activity Sheet

The child reflects on the entire year of learning: what they learned, how they grew, what challenged them, and what they are most proud of. They create a reflection page for the portfolio that captures their personal growth story.

What You Need:

- Paper for reflection writing
- Pencil
- Colored pencils
- Portfolio binder or folder
- Photos from the beginning of the year (optional)

Steps:

1. 'This year you learned and grew in so many ways! Today we reflect on YOUR story.'
2. Discussion prompts:
 - 'What is the most important thing you learned this year?'
 - 'What was the hardest thing you did? How did you overcome it?'
 - 'What are you most proud of?'
 - 'How have you changed since the beginning of the year?'
 - 'What do you want to learn next year?'
3. The child writes or dictates responses.
4. Create a 'Then and Now' comparison: what they could do in September vs. now.
5. Draw a picture of themselves as a learner.
6. 'You are not the same person you were at the start of the year — you are stronger, wiser, and more capable.'

Work Space:

A large, dashed rectangular frame occupies the bottom half of the page, intended for the child to draw a picture of themselves as a learner.
