

# Parts of Speech Review — Prepositions

Base Sheet

Activity Sheet

The child is introduced to prepositions using the Montessori green crescent symbol and physical demonstrations. They discover that prepositions show the relationship between a noun and other words, especially regarding position and direction.

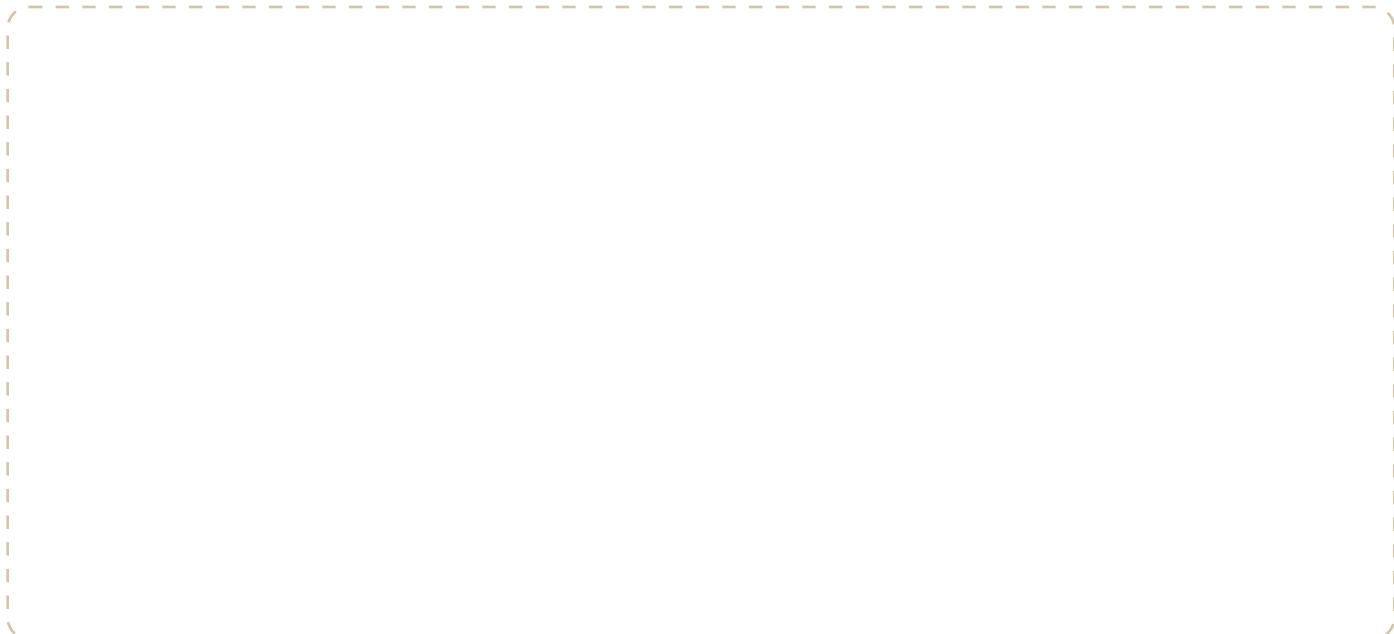

## What You Need:

- Green crescent (preposition symbol)
- Small toy and box for demonstration
- Preposition word cards
- Sentence strips
- Paper and pencil

## Steps:

1. Present the green crescent (preposition symbol). 'This is the PREPOSITION. It tells WHERE something is in relation to something else.'
2. Use a small toy and a box for demonstrations:
  - 'The toy is ON the box. IN the box. UNDER the box. BESIDE the box. BEHIND the box.'
  - 3. 'ON, IN, UNDER, BESIDE, BEHIND — these are all prepositions!'
4. Play Simon Says with prepositions: 'Put your hand ON your head. Stand BESIDE the chair. Crawl UNDER the table.'
5. Find prepositions in sentences and mark with the green crescent.
6. The child writes 5 sentences using different prepositions.

## Work Space:

A large, dashed rectangular area with a brown border, designed for the child to write their five sentences using different prepositions.
